

Boltaflex

with **Prefixx**

Boltaflex is an internationally recognized Contract Upholstery Vinyl suitable for all contract applications.

Designed and manufactured by OMNOVA Solutions at manufacturing facilities worldwide to ISO 9002 quality standards.

Specification

Width	137 cm
Normal roll length	27 metres
Colour palette	84 plain colours

Boltaflex Contract Vinyl:

Conforms to BS: 5790: Part 1: 1996 Type 2 Grade X

Fire retardant to BS: 5852:1990: Section 4: Ignition Source 5 when tested with CMHR foam.

French classification: M1

German classification: DIN 53438 Part 2 Class K1: DIN 4102 Class B2

Durability

The unique **Prefixx** protective finish provides superior stain resistance and improved wear properties. Independent UKAS Laboratory tests have shown **Boltaflex** to have higher abrasion and stain resistance than other vinyls.

Care and cleaning

Remove ordinary dirt with soap and water, wiping dry with a clean cloth. More difficult stains such as ballpoint pen marks, lipstick etc. can be removed with mild bleach and solvents when following the recommended instructions available from your supplier.
